

For instance, one county, Franklin, had 19.6 percent growth over the last 8 years. My home county, 18.9; Lee County, 17.1, Nash, 17.3. They are all rural counties in transition and property taxes are under a burden. Wade County, the capital county, right at 30 percent. They are welcoming anywhere from 4,000 to 6,000 students this fall, and they have done it for the last several years. That is true across America. The pressure is getting so great out there, and this is a way we can be a help.

Mr. Speaker, the Republican leadership is putting the final touch, and as we heard already, has already put their touches on the final tax bill. We will find out tomorrow morning if they really care about making sure the children in this country have an opportunity for a decent place to go to school. Because if you are in a cold environment in the winter and a hot environment in the summer, and the building roofs leak and the wind blows through the walls, you can talk all you want to about quality education, and then we wonder why we cannot recruit teachers and retain teachers. You do not have to be very bright to figure that out. Business figured that out a long time ago. They provide a good environment for their employees and quality training.

We can do something about it. It is within our goal. We stood in line today to sign the Rangel bill to make sure we got a discharge petition. Today my colleagues are working on it.

Mr. Speaker, I know our time is about to expire. Let me thank my two colleagues from California for joining me this evening. On behalf of the children of America, who only have us to speak for them, because they do not vote, and some of their parents do not take the opportunity to vote, I thank you for coming this evening and sharing and getting into the record the importance of school construction and opportunities for our children.
